WINNERS THIS WEEK

Class1: Lucas for consistency with spellings in all his written work

Class2: Kadie for well punctuated and entertaining story writing

Class 3: Upper Junior- Lola Crosby for improved independence in maths

Lower Junior- Dominic for his attainment in maths

CLASS 1 Class 1 have been very excited by the arrival of the 'white stuff', which of course obligated us to build some snowmen, but we think they may have run away over night!!! Y1 have been measuring with string and numeracy links and then have been working out how long, wide or high some objects are. In English we have been looking at play scripts and looking at the difference between 'narrators' and 'characters'. Reception children have been continuing in their sentence building through stories, and of course, we had to include The Snowman! Our Hyacinths have begun to grow whilst inside and in art we made some 3D sunflowers which are truly lovely! The children's spirits were not dampened by yesterday's closure and today they turned up in some amazing costumes and had a great grasp of the character, story and the author they were portraying.

Class 2 We have had a wonderful day celebrating the joy of books. The children looked amazing and enjoyed our activities. They measured the area of gingerbread men, wrote gingerbread stories, looked at gingerbread lines of symmetry, read aloud extracts of their favourite books, decorated gingerbread figures and performed play-scripts they had written linked to a mash up of favourite stories. We have also been champions of positive thinking and ENJOYED the cold weather building snow men and conducting whole school experiments on how quickly snow or ice melt; not to mention a good old fashioned snow ball fight!

CLASS 3

This week the juniors played a game of 'I made a book' in which you roll a dice and you need to get a spine, a front page or a back page to start. They have also worked really hard on their research about the Solomon Islands.
