## WINNERS THIS WEEK

**Class1:** Polly for fantastic letter formation

**Class2:** Aliyah for coming top in our Kindness science experiment!

**Class 3: Upper Junior-** Jack Piggott for superb English and handwriting work and excellent science work

**Lower Junior-** Phoebe for excellent standard of work in all her subjects

**CLASS 1** We have had another busy week in the infants this week. It may look like graffiti in the playground but it is actually the infants' number work they have been doing. They have also been working hard with their sentence building- what a clever bunch they are! Year 1 have been continuing with their play scripts and also looking at capacity in their maths work, and we have also looked at the skill of using and reading simple scales using calibrated equipment. As you will see, they have also produced some gorgeous artwork this week. We hope all you mums have a lovely day and let's hope the sun continues to shine!

**Class 2** We have been reading James and the Giant peach and used the story as a starting point for letter writing and recounts. In maths we have been revising the properties of 3D shapes and will be starting learning about money next week.

## CLASS 3

Today we did some research about 'kindness', we questioned the pupils with different scenarios and asked how they would respond in a given situation by picking 1 of 3 given responses. We then wrote down a conclusion about our results and could see which 'group' had responded the best. We had a class discussion about our findings and created an action plan to help us be kinder and more considerate to each other. It was very interesting and the pupils really got in to the whole idea of it. Well done.
