

P.E and Sports Premium.

The allocation for year 2020-2021 is £17,350

This will be used to support the following 6 aims.....

1 Embed more school activity into the school day so that pupils are having at least 60 minutes of activity per day

Actions	Funding
Schedule additional daily 10 minute playtime to do laps and directed challenges/circuits	£110
Change uniform policy so pupils wear black trainers so they can exercise at any time.	£0
Buy additional ping pong table, playground markings, circuits boards, multiuser bikes, scooters, moveable net ball posts, basketball wall attached hoops, blue non slip surfacing area.	£2,000

2 Promote a more active curriculum and PESSPA profile being raised to enhance quality of teaching and learning

Training for staff to make the most of actions, drama and dance to cement and consolidate concepts eg. maths vocabulary horizontal, vertical etc. £ 120

Make the most of opportunities for cross curricular links to mental health and healthy bodies in assemblies, science ,PSHE, and citizenship lessons.

3 Increase the confidence and skill of staff so that sports improvements are sustainable.

Purchase a P.E. scheme to support the P.E. curriculum and ensure staff are familiar with sequential skill development and rules of games. £300

4 Broader range of sports offered to pupils within the school day and after school.

Drain field adjacent to yard and extend fencing to make space for ping pong outside tables and cycle track. Each year group has a day where they can bring their bikes to school and play with them at play times. £6,060

Purchase cycle helmets. £ 400

Encourage pupils to use "strava app" to create a league for most improved times on the cycle path around the village. Prizes to be awarded for cycling activity/improvements and for running times -hours of activity and improved speeds. £200

Year 5 and 6 pupils complete the "Cycle wise" training.

Sports coaching in Judo and table tennis with staff observing to absorb skill of experts £ 760

5 Increased participation in sport for now and to form habits for future health.

Once swimming pools reopen and risk assessment for coronavirus is low we will offer 2 additional terms of swimming. £6,200

Intent and impact of additional swimming sessions

We discussed how to spend our sports funding with our pupils. They felt we should put a large investment in swimming, for safety reasons as we are on the coast and near rivers and lakes and also because there are local swimming facilities so this will be sustainable as the pupils mature and may decide themselves to swim regularly. We also feel that swimming gives children excellent exercise for physical health with less risk of injury. In addition, all pupils can participate in the session and unlike some other ball sports, like football...all pupils participate rather than having a number of pupils "hanging back", or "never being passed to."

We feel this has been successful as all of the 8 yr 6. pupils last year were able to swim competently, confidently and proficiently over a distance of at least 25 metres. All of them also received the certificate for being able to use a range of strokes effectively and perform safe self-rescue in water-based situations.

6. Increased participation in competitive sport

Organize a small school partnership for high 5, cross country, football, multi-skills and gymnastics events. £1,200

Total spend £17,350
